

Gascosage Electric Cooperative Rebate Program Information

Effective October 1, 2016

Electric Water Heater

- Permanent and Mobile homes:
- New/Electric replacement 40 gallon or larger with **.90-.92 EF** (energy factor) or higher.....**\$50**
- New/Electric replacement 40 gallon or larger with **.93 EF** (energy factor) or higher..... **\$100**
- Replacement (gas to electric) 40 gallons or larger **.90 EF** (energy factor) or higher.....**\$50**
Tank-less water heaters are not eligible for this program. Limit two (2) per member address.

Air to Air Heat Pump

- Installation of new or replacement of existing heat pump with an Energy Star® Air Source Heat Pump with an efficiency rating of **16.5 SEER** or greater.....**\$100/per ton**
- Energy Star® Air Source Heat Pump joining a fossil fuel furnace (LP Gas or oil) with an efficiency rating of **16.5 SEER** or greater.....**150/per ton**

Room Air Conditioning Unit – (Replacement Only)

- For Energy Star® unit purchased.....**\$50**
Old units must be removed from the home and proof of removal or destruction is required. Limit of one (1) High Efficiency Room Air Conditioning Rebates per member address.

Ground Source Heat Pump

- For new unit purchased.....**\$750/per ton**
- For pump installation or replacement heat pump compressor if at least 3 EER rating is gained over old unit.....**\$150/per ton**
The ground source heat pump will be installed with a Delta T of 80. A Manual J calculation will be used to support the Delta T. Backup heat will be separated from the ground source unit by either a breaker or two stage thermostat. The home must have R-38 insulation in the ceiling and R-13 in the walls.

Basement/Crawlspace/Slab Insulation

- 50/50 cost shared incentive.....**\$500 Limit**
- This is a 50/50 cost-shared incentive for cooperative members who are installing insulation in **conjunction with the installation of a new ground source heat pump.**

Dishwasher – (Replacement Only)

- Energy Star® purchase of a dishwasher.....**\$50**
Rebate for replacement only of an existing dishwasher if the home has an electric water heater. Old dishwasher must be removed from the home and proof of removal or destruction is required.
Dishwasher must be served by an electric water heater. Limit one (1) per member address.

Clothes Washer – (Replacement Only)

- Purchase of an Energy Star® labeled clothes washer.....**\$100**
Rebate for replacement only of an existing clothes washer if the home has an electric water heater. Old clothes washer must be removed from the home and proof of removal or destruction is required.
Clothes washer must be served by an electric water heater. Limit one (1) per member address.

We also offer Energy Audits and Lighting Rebate Programs!
